Dear Patient/s ( if you are under 16 then this letter is addressed to your parents or legal guardians)

### **Important information regarding your NHS Dental Care**

We have made the decision to no longer provide NHS dental care at this practice. The last day of our NHS provision will be 14<sup>th</sup> February 2022

### **What happens next?**

It is really important that you still attend for your next appointment at the practice if scheduled prior to the 14<sup>th</sup> February 2022; until that date we will provide NHS services under our current NHS arrangements. Following this, you are of course welcome to remain a patient of the practice on a private basis. Our private prices are displayed on line on our web site above or you may ask a team member for a printed version.

After the 14<sup>th</sup> February 2022 please call 111 (free of charge including from a mobile) if you require urgent dental care.

For further information about alternative providers of NHS dentistry please visit the NHS UK website – [www.nhs.uk](http://www.nhs.uk)

We have taken this opportunity to provide information from the NHS website on the closest five practices delivering NHS dental services, you must call these practices directly and ask if they can accept you under the NHS. The below is a list only.
